About your Presentation

1. Presentation Length

There are 40 minute and 90 minute courses in the program and you will be advised by the course organiser of your session details.

Presentation Format

The Congress audio visual will use Microsoft Office PowerPoint.

Disclosure

Disclosures must be displayed at the bottom of the first slide. For example: 'Supported by a grant from...', or 'No financial disclosures'.

Copyright

Presenters must ensure they hold the appropriate copyright ownership or licensing rights for all images used in their presentation materials.

Please note that some image licences may permit live presentation use only and may not extend to publication, distribution, recording, archiving, or hosting of presentation materials by the Royal Australasian College of Ophthalmologists on congress websites, apps, portals, or other platforms. It is the presenter's responsibility to ensure all image licences permit these additional uses where applicable.

Therefore, we strongly recommend the following:

- either own the copyright entirely,
- use royalty-free images with redistribution/publication rights,
- use Creative Commons images that permit this type of reuse (with proper attribution where required), and/or
- ensure their licence explicitly permits conference publication and third-party hosting/distribution.
- RANZCO will not take on the liability and cost of a presenter's utilisation of an unlawful image.

Screen Size

The aspect ratio of the PowerPoint presentation should be **16:9**. (This is a setting in Microsoft PowerPoint). Newer versions of PowerPoint have the slide size under 'Design' > 'Slide Size'.

Video Clips and Photos

Any video clips within your presentation are to be in an MP4 format or a format that is playable in PowerPoint. Please check that the video has been tested before the presentation to ensure it loads quickly enough during the presentation. Please bring all videos in separate files that are embedded in your PowerPoint on a USB in case any problems occur. Please make sure you advise our technical team in the speaker's preparation room or when submitting your PowerPoint if you have YouTube links or videos. These will have to be downloaded prior to your session which we can help you with. Presenters may use images in their presentations, where relevant. It is the presenters' responsibility to ensure they have the copyright to use the images and materials associated with their presentation.

MAC Users

If your presentation was created on a MAC and converted to run on a PC in PowerPoint, please make sure you send all custom fonts. Sometimes formatting may be affected so please ensure this is checked by our technical team. If you require assistance with the file conversion or formatting, please send request to evan@glidingwingsproductions.com.au

If you have a Mac only presentation such as Keynote, you can bring your own Macbook to plug in at the lectern. You must advise the AV team in advance so they can ensure all we can arrange for the appropriate equipment in the room prior to the congress. Please bring your own adaptors etc.
